

TMF UNIVERSITY

**ELEVATE YOUR CAREER
WITH TAILORED
LEARNING PATHS**

IAOCR

The International Accrediting
Organization for Clinical Research

Certificate of Participation

Earn recognition for each module you attend, showcasing your dedication and commitment to mastering TMF management. This certificate serves as a testament to your ongoing professional development and dedication to excellence in the field of clinical research. Each module completed adds to your expertise and highlights your proactive approach to career growth.

International Accreditation

Advance your expertise by progressing through the Discovery, Immersion, and Mastery levels. Completing these course modules and competency assessments earns you international accreditation, recognized globally as a mark of excellence in TMF management. This demonstrates your commitment to the highest standards in clinical research.

Internationally Qualified TMF Professional Status

**Achieve Qualified TMF
Associate (Silver) or
Qualified TMF Manager
(Gold) status by completing
the respective course and
assessment requirements.**

TMF Associate and TMF Manager

TMF Associate (Silver): Requires completion of two course modules and successful completion of required competency assessments.

TMF Manager (Gold): Requires completion of three course modules and successful completion of required competency assessments.

Students will receive Accreditation Status and credential as either a Qualified TMF Associate or TMF Manager.

TMFU Accelerate

TMF Associate: Regularly requires 15 hours of coursework.

TMF Manager: Regularly requires 22.5 hours of coursework.

TMFU Accelerate: This program condenses these courses, incorporating the three modules from each level and delivering them in an accelerated and intensive manner. Individual course offerings are not available separately.

Achieve your professional goals faster with TMFU Accelerate, and take your TMF expertise to the next level!

Note: Requires 2 Years of TMF experience
